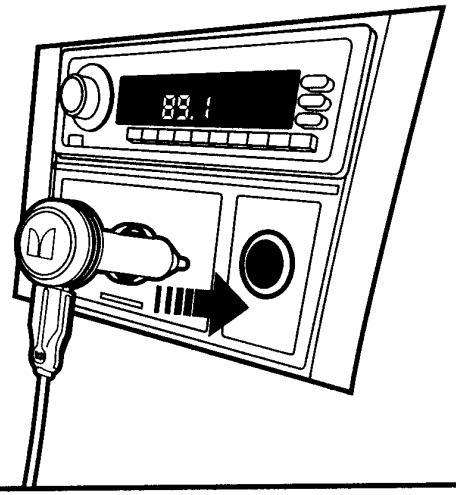
INSTRUCTIONS

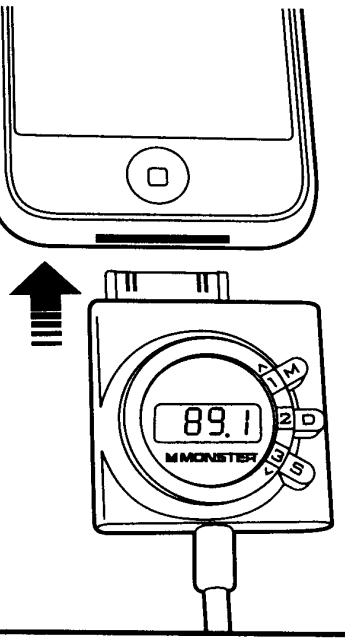
Connecting to iPod or iPhone and Car

1. Plug the iCarPlay Wireless 1000 power adapter into your car's 12V accessory outlet (cigarette lighter socket) and turn your iPod or iPhone on.



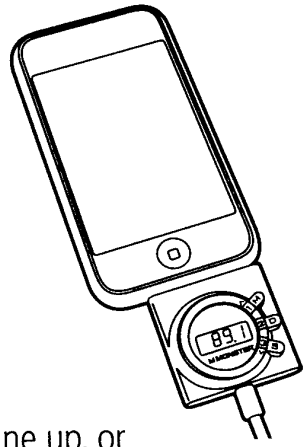
Note: Illustrations may vary in appearance from actual product.

2. Plug the iCarPlay Wireless 1000 dock connector unit into your iPod or iPhone. The LCD screen will light up to confirm power reception and display the most recently used station preset.

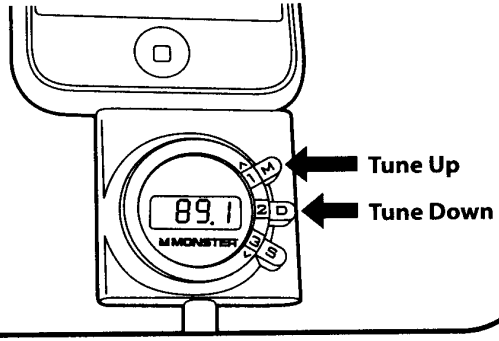


Manual Tuning

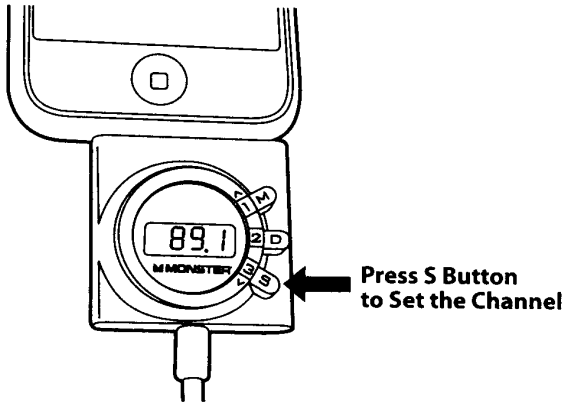
1. Press and hold the top button labeled "M" (for manual) until the LCD display flashes.



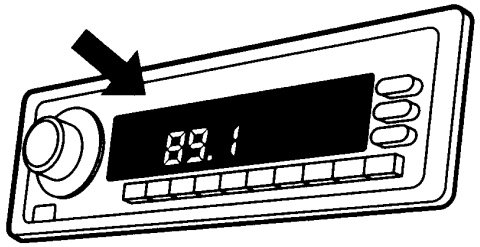
2. Press the "M" button again to tune up, or press the middle "D" button to tune down.



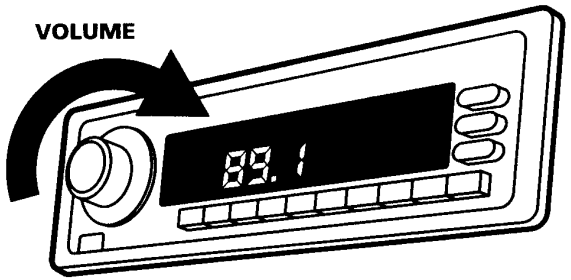
3. Press the "S" button to set the channel.



4. Tune your FM radio to the same channel.



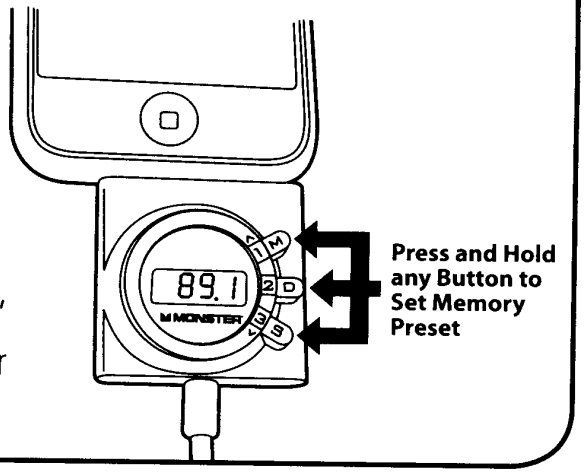
5. To avoid unwanted sudden loud playback, set car audio system volume to low before pressing play.
6. Press the "Play" button on your iPod or iPhone.
7. Use your car radio's volume knob to adjust sound level.



Selecting Memory Presets

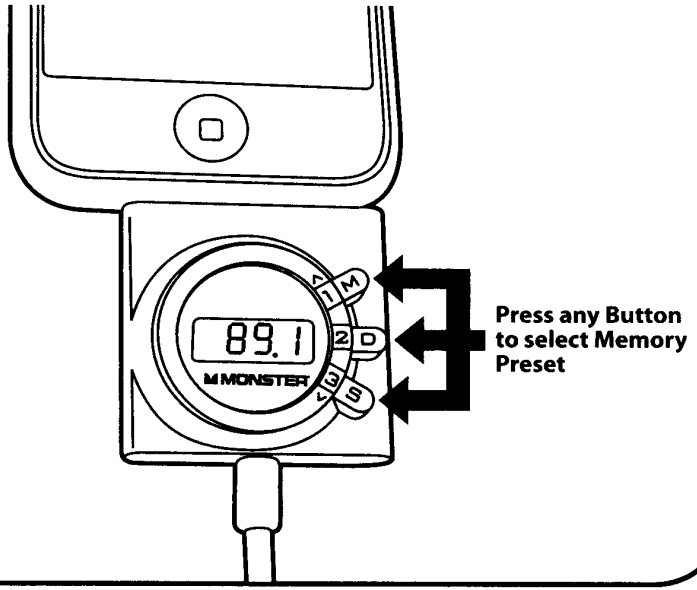
Each of the three buttons on the iCarPlay Wireless 1000 can be used to store and instantly recall a stored channel. First, tune to the channel you want to store to memory. Now press and hold the button that you want to program until the screen flashes and displays P1, P2, or P3. The channel is now set to memory for automatic recall.

NOTE: After using AutoScan 3D, the selected frequency will automatically be stored to the "S" button's memory for instant recall.



Selecting Memory Presets

Simply press any of the three buttons and the iCarPlay Wireless 1000 will tune to the channel that you have stored in memory.



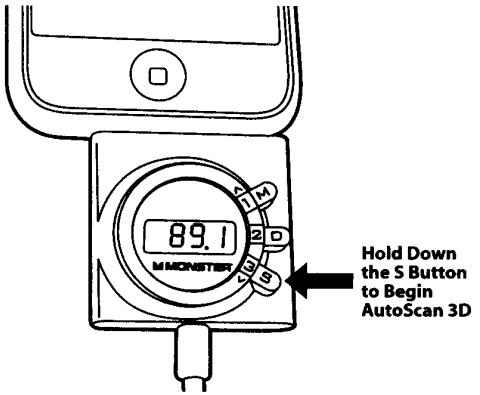
Using AutoScan 3D™ Automatic FM Frequency Selection (recommended)

The iCarPlay Wireless 1000 features AutoScan 3D to automatically find the best, clearest FM channel in your local area. Remember that as you drive through different areas the FM signal conditions change, so when driving long distances, you can repeat the AutoScan 3D selection whenever FM interference occurs.

1. Press and hold the bottom "S" (scan) button until the LCD screen begins scanning. The iCarPlay Wireless 1000 will rapidly scan the entire FM spectrum three times, to ensure the best possible signal.* The LCD will then display the frequency that AutoScan 3D has selected. Tune your car radio to that frequency.

   NOTE: After using AutoScan 3D, the selected frequency will be automatically stored to the "S" button's memory for instant recall.

* Depending on variable environmental factors



2. Tune your FM radio to the same channel.

LCD Screen Timer Settings

Press and hold the D (display) button to change the LCD illumination between Auto-Off, which will turn the display off after a few seconds, and ON which leaves the display on until the unit is unplugged.

Charging Other USB Devices in the Car

The iCarPlay Wireless 1000 power adapter can also function as a car charger for almost any USB 2.0 device such as a cell phone, camera, or MP3 player.

1. Disconnect the iCarPlay Wireless 1000 transmitter from the power adapter by removing the USB cable.
2. Plug power adapter into your car's cigarette lighter.
3. Insert your USB device's USB cable into power adapter's USB port, and connect your device to the other end of the USB cable.

   NOTE: Some USB 2.0 devices will not properly charge with a generic USB cable. You may need to use the USB cable that originally came with your device to ensure proper voltage regulation and device authentication. Charging may not begin automatically, you may need to activate charging mode on your USB device. Refer to the manufacturer's instruction manual.

Alternative Home/Office Use

You can also listen to iPod or iPhone music with the iCarPlay Wireless 1000 outside of the car, in your home, office, or wherever there is a device with a USB 2.0 port for power and a nearby FM radio to receive the signal. Disconnect the iCarPlay Wireless 1000 transmitter from the power adapter by removing the USB Cable.

1. Insert the iCarPlay Wireless 1000 transmitter's USB cable into a USB 2.0 compliant port. USB 2.0 ports are commonly found on laptop and desktop computers, newer DVD players, HDTVs, and other electronics, such as the Monster iCharger® Travel.

2. Connect iPod or iPhone to the iCarPlay Wireless 1000 and tune manually or with AutoScan 3D as previously described.
3. Tune a nearby FM radio (AV receiver, clock radio) to the channel displayed on the iCarPlay Wireless 1000.
4. Press play on iPod or iPhone, and adjust volume on FM radio.

   NOTE: You may need to adjust the location of the iCarPlay Wireless 1000 closer to the FM radio for clear reception.

Performance & Safety Tips:

- Connect iCarPlay Wireless 1000 and select channels BEFORE operating your vehicle; never while driving.
- For best performance, select an iCarPlay Wireless 1000 channel that is not occupied by a strong local FM radio station.
- AutoScan 3D can find the channel that offers clearest sound with the least interference automatically. Remember that signal conditions change as your car moves, and re-scanning may be necessary.
- Certain car radios may experience more difficulty receiving clear signals than others. Location of the antenna can affect signal strength. Some vehicles have a metallic film in the windows that can also make it harder to receive clear signals from the iCarPlay Wireless 1000.
- In dense metropolitan areas, there are cases where all iCarPlay Wireless 1000 pre-set stations are occupied by local radio stations. Sometimes a station setting next to a local station may be strong enough to 'bleed' over to the adjacent frequencies. Use manual tuning to eliminate interference.
- Radio frequencies from local stations can 'bounce' from hills and buildings and may cause momentary interference.
- A steel bridge or parking garage may act like an antenna, strengthening local and distant radio station signals. You may need to wait until you are "over the bridge" or "out of the structure" for clearest reception.
- The iCarPlay Wireless 1000 transmitter strength is regulated and limited by the FCC. iCarPlay Wireless 1000 transmits at the power allowable by law.
- iCarPlay Wireless 1000 is designed to transmit within your car's perimeter while not interfering with the surrounding public airwaves.

Note: Illustrations may vary in appearance from actual product.

FCC Notice: This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Caution: Changes or modifications not expressly approved by Monster Cable Products, Inc. may void the users authority to operate this device.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device pursuant to Part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by tuning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna
- Increase the separation between the equipment and receiver
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected
- Consult the dealer or an experienced radio/TV technician for help

LIMITED WARRANTY FOR CONSUMERS

Monster Cable Products, Inc., 455 Valley Drive, Brisbane, CA 94005, USA, (415) 840-2000 ("Monster") extends You this Limited Warranty. Statutory or common law may provide You with additional rights or remedies, which shall not be affected by this Limited Warranty.

DEFINITIONS

"Adequate Use" means use of the Product (i) within a home or dwelling, (ii) for private (as opposed to commercial) purposes, (iii) in conformance with all applicable local, state or federal law, code or regulations (including without limitation building and/or electrical codes), (iv) in accordance with manufacturer recommendations and/

or instructions in the materials and documentation that accompany the Product, and (v) if applicable, with proper electrical grounding.

"Authorized Dealer" means any distributor, reseller or retailer that (i) was duly authorized to do business in the jurisdiction where it sold the Product to You, (ii) was permitted to sell You the Product under the laws of the jurisdiction where You bought the Product, and (iii) sold You the Product new and in its original packaging.

"Formal Warranty Claim" means a claim made in accordance with the section "Formal Warranty Claims" herein.

"Product" means a Product (i) that is listed in the Specifications Table below, (ii) that You bought from an Authorized Dealer new and in its original packaging, and (iii) whose serial number, if any, has not been removed, altered, or defaced.

"Product Defect" means an inadequacy of the Product that existed at the time when You received the Product from an Authorized Dealer and that causes a failure of the Product to perform in accordance with Monster's documentation accompanying the Product, unless such failure has been caused completely or partly by (a) any use other than Adequate Use, (b) transportation, neglect, misuse or abuse by anyone other than Monster's employees; (c) alteration, tampering or modification of the product by anyone other than a Monster employee; (d) accident (other than a malfunction that would otherwise qualify as a Product Defect); (e) maintenance or service of the Product by anyone other than a Monster employee; (f) exposure of the Product to heat, bright light, sun, liquids, sand or other contaminants; or (g) acts outside the control of Monster, including without limitation acts of God, fire, storms, earthquake or flood.

"Warranty Period" means the time period during which Monster must have received Your Formal Warranty Claim. The different Warranty Periods related to Product Defects are defined in the Specifications Table below. The Warranty Period commences on the date when You purchased or received (whichever occurs later) the Product from an Authorized Dealer as evidenced by the Authorized Dealer's invoice, sales receipt or packing slip. If You do not have written proof of the date of purchase or receipt, then the Warranty Period commences three (3) months after the date when the Product left Monster's or its factory as evidenced by Monster's records. The Warranty Period ends after the time defined in the Specifications Table has expired or after You have transferred ownership of the Product, whichever occurs earlier. Also, You must call Monster and obtain a

Return Authorization Number (as described under "How to Make a Claim") within two (2) months after You discover a Product Defect (or should have discovered it, if such Product Defect was obvious).

"You" means the first individual person that purchased the Product in its original packaging from an Authorized Dealer. This Limited Warranty does not apply to persons or entities that bought the Product (i) in used or unpackaged form, (ii) for resale, lease or other commercial use, or (iii) from someone other than an Authorized Dealer.

SCOPE OF THIS LIMITED WARRANTY

Products. If a Product contained a Product Defect when You bought it from an Authorized Dealer and Monster receives a Formal Warranty Claim from You within two (2) months after You discover such Product Defect (or should have discovered it, if such Product Defect was obvious) and before the end of the Warranty Period for Product Defects applicable to the affected Product, then Monster will provide You with one of the following remedies: Monster will (1) repair or, at Monster's sole discretion, replace the Product, or (2) refund to You the purchase price You paid to the Authorized Dealer for the affected Product if repair or replacement is not commercially practicable or cannot be timely made. NOTE: MONSTER DOES NOT ASSUME ANY LIABILITY FOR ANY INCIDENTAL, CONSEQUENTIAL OR INDIRECT DAMAGES UNDER THIS LIMITED WARRANTY.

GENERAL PROVISIONS

Choice of Law/Jurisdiction. This Limited Warranty and any disputes arising out of or in connection with this Limited Warranty ("Disputes") shall be governed by the laws of the State of California, USA, excluding conflicts of law principles and excluding the Convention for the International Sale of Goods. The courts located in the State of California, USA shall have exclusive jurisdiction over any Disputes.

Other Rights. THIS LIMITED WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, AND YOU MAY ALSO HAVE OTHER RIGHTS, WHICH VARY FROM STATE TO STATE AND JURISDICTION TO JURISDICTION, AND WHICH SHALL NOT BE AFFECTED BY THIS LIMITED WARRANTY. THIS WARRANTY EXTENDS ONLY TO YOU AND CANNOT BE TRANSFERRED OR ASSIGNED. If any provision of this Limited Warranty is unlawful, void or unenforceable, that provision shall be deemed severable and shall not affect any remaining provisions. In case of any inconsistency between the English and other versions of this Limited Warranty, the English version shall prevail.

Registration. Please register Your Product at MonsterCable.com. Failure to register will not diminish Your warranty right.

Informasjon til forbrukere i henhold til EU-direktiv 96/2002

Dette produktet er underlagt virkeområdet for EU-regelverk som oppfordrer til gjenbruk og resirkulering av brukt elektrisk og elektronisk utstyr. Fremstilling av dette produktet har gjort det nødvendig å utvinne og bruke naturressurser som kan være skadelige. Det ovenstående symbolet, på produktet eller på pakningen, betyr at produktet ikke må kastes sammen med annet husholdningsavfall. I stedet er det ditt ansvar å innlevere brukt utstyr som skal kastes til et mottakssted for brukt elektrisk og elektronisk utstyr. Innsamling og resirkulering av ditt brukte elektriske og elektroniske utstyr som skal kastes vil bidra til vern av naturressursene og sikre at utstyret resirkuleres på en måte som hindrer helsekader og skader på miljøet. For mer informasjon om hvor du kan levere brukt utstyr for resirkulering, kan du kontakte din lokale kommune eller forhandleren der du kjøpte produktet.
